

Talk All You Want For Less

Cut your phone bill in half using the Vonage Internet Phone Service¹

Use Your Existing Phone

Use your corded or cordless touchtone phone

Call From Anywhere

Use the same phone number to make and receive calls from virtually anywhere with a high-speed Internet connection

Save Money Using The Vonage Internet Phone Service

Vonage is an all-inclusive phone service that can replace your current phone service and can save you up to 50% on your phone bill¹. Vonage gives you local and long distance calling anywhere in the US (including Puerto Rico) and Canada for one low price². Vonage is able to do this by using your existing high-speed Internet connection instead of standard phone lines. Additionally, you get to keep your existing phone number³ and use valuable features like voicemail, caller ID, call waiting, call forwarding, 3-way calling, and Worldwide In-Network calling at no additional cost⁴. You can even call anywhere else around the world for just pennies more.

Easy to Get Started

To start using the Vonage Internet phone service, simply connect the D-Link Broadband Telephone Adapter (VTA-VR) to your router and plug in a touchtone telephone (corded or cordless). The Telephone Adapter is equipped with two telephone jacks allowing two separate Vonage phone lines, so you can have one regular phone line and one fax line. Upon initial set up⁵, just pick up your phone and start using it like you normally would. Additionally, you can take the Telephone Adapter virtually anywhere there is an available high-speed Internet connection to make or receive calls using the same phone number.

Start saving money on your phone bill with the D-Link Broadband Telephone Adapter (VTA-VR) for your Vonage Internet phone service.

D-Link[®]

Broadband Telephone Adapter

Internet Phone Service Starter Kit

High-speed Internet connection and Vonage subscription required.

VTA-VR

Standards

- + IP
- + TCP
- + UDP
- + ARP
- + HTTP

Ports

- + 2 RJ-11 (For Telephones)
- + 1 RJ-45 (For Ethernet)

Ethernet Standards

- + IEEE 802.3 10Base-T Ethernet
- + IEEE 802.3u 100Base-TX Fast Ethernet

Telephony Support

- + Session Initiation Protocol (SIP)
- + AUDIO CODEC G.711 (a-law and μ -law), G.723.1, G.726, G.729A, G.168 (Echo Cancellation)
- + DTMF Relay
- + G.711 (In Band), RFC2833

Fax Support

- + Fax Relay
- + PCM (G.711)

Device Management

- + HTTP Web Interface
- + TFTP Client

Quality of Service (QoS)

- + TOS-Type of Service Supports 3 Levels:
Normal, Signaling, RTP Packets

Security

- + SIP Authentication with Password Encryption
- + HTTP Digest Authentication
- + Configuration Download Using HTTPS and SSL/TLS
- + Clients Certification Encryption and Authentication
- + Encryption of Configuration File
- + VoIP NAT Traversal (SIP/STUN)

Configuration/Management

- + DHCP (Dynamic Host Configuration Protocol) RFC2131
- + Embedded Web Server HTTP 1.0 (RFC1945)
- + Auto-Provisioning Via Automated Centralized Configuration File
- + Configuration Restore/Backup
- + TELNET
- + TFTP Client
- + Performance Monitor DSP/Ethernet Statistics

Certifications

FCC Class B

LEDs

- + Power ON/OFF
- + LAN Link & Activity
- + Phone ON/OFF Hook & Ringing

Operating Temperature

32°F to 104°F (0°C to 40°C)

Operating Humidity

95% Maximum (Non-condensing)

Dimensions

- + Item (W x D x H): 3.3" x 1.2" x 3.5"
- + Packaging (W x D x H): 7.4" x 2.3" x 10.3"

Weight

- + Item: 0.3 lbs
- + Packaging: 1.1 lbs

Warranty

1-Year Limited⁶

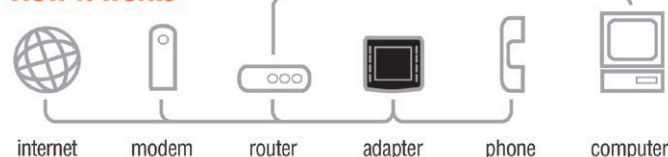

System Requirements

- + High-speed Internet Connection
- + Valid Vonage Account
- + Touchtone Telephone
- + Ethernet Router
- + CD-ROM Drive (Optional)

Package Contents

- + Broadband Telephone Adapter
- + Stand
- + Telephone Cable (RJ-11)
- + Ethernet Cable (RJ-45)
- + Power Adapter
- + Quick Installation Guide
- + CD-ROM⁷ with User Guide

How it works

¹ 50% off claim based on 2/06 survey of landline telephone plans. For details see www.vonage.com/compare.

² Premium Unlimited calling plan required.

³ Where available. Number transfer averages 10-14 days after customer authorization.

⁴ Vonage service features and pricing may change in the future. D-Link does not guarantee the length of service or fees.

⁵ If you purchased this Telephone Adapter from a retail location, you must first activate your Vonage phone service by visiting www.vonage.com/activate. After activation, wait 30 minutes before checking for a dial tone.

⁶ 1-Year Limited Warranty available only in the USA and Canada.

⁷ Latest software and documentation available at <http://support.dlink.com>.

Product specifications, size and shape are subject to change without notice. Vonage 911 operates differently than traditional 911. Details at www.vonage.com/911. Rates exclude: broadband service, activation, regulatory recovery fee, 911 fees & cost recovery, premium services, Vonage compatible equipment, termination, taxes, & shipping. Additional calling charges may apply on Basic Plans. International calls billed/min. Credit card & high-speed Internet required. Satellite TV, alarm, & other systems may not be compatible with Vonage service. See Terms of Service for details.
