

The Morris Marina Owners Club was founded by Frank Phillips and Clive Higgins in 1985 with the intention of recognising the place of the Marina and it's derivatives in motoring history.

The Morris Marina was always intended to be simple, a cheap to run contender in the fleet/family car market.

Many people have fond memories of the vehicle and there is no doubt that it was a big seller in it's day.

Benefits Of Membership:

- Classic Car Valuation Service
