

Lincolnshire County Archery Society Senior Team Selection 2009

To be considered you must be a member of LCAS, and you will need to submit scores (either by Email or traditional Post Mail). The following rounds can be used:

Gentlemen/Junior Gentlemen : York, Gents FITA or St George
Ladies/Junior Ladies: Hereford, Ladies FITA or Albion

Qualifying rounds should be shot at official shoots/tournaments under tournament conditions. Please include the following information:

1. Name, GNAS No., and Contact Details, including an Email Address if possible
2. Your Bow Style
3. Date of Shoot, Host Club and Venue
4. Round Shot and Score Attained

There are two events shot by the Senior Team during the year:

The Lincolnshire vs. Leicestershire Match - To be held on Sunday the 2nd of August, at Great Glen in Leicestershire. I do not yet know the exact numbers we will require, but both Compound and Recurve archers are needed, and possibly some Longbow. The rounds shot will be the York for the men and Hereford for the ladies. To be considered, please send a minimum of 3 scores to reach me by Wednesday, the 1st of July.

The Intercounties Thoresby Trophy Tournament - This will also be held in Leicestershire this year, on Sunday the 6th September. Again the rounds are the York and Hereford. A full team for this event consists of:

Compounds: 4 Gents and 2 Ladies
Recurves: 8 Gents and 6 Ladies
Longbow: 4 Gents and 2 Ladies

To be considered, please send a minimum of 4 scores to reach me by Wednesday, the 5th of August.

When you send your scores, please let me know which of the events you wish to be considered for (you can apply for both of course) and make sure you are available for the days concerned. If you send scores for the 1st of July and then get some better ones in the following month, you can of course submit the new ones (by the 5th of August).

In previous years we have sometimes been short of numbers (last year not enough Longbows!), so even if you have not shot the number of rounds I have asked for, please send any scores you do have and you may well still be successful. Also PLEASE HAVE A GO! - even if you don't think you're good enough you may well be surprised, and if you don't try you'll never know.

Graham Crampin - Senior Team Manager
