"Top gig Saturday last - the spirit of JT was a joy to hear and behold. Well done!"

"Just a short note to say how great your performance was at Bath last Saturday. First time I have seen you or indeed any tribute band and I was not expecting such musicianship or accuracy. Most of all, you gave those of us who enjoy Tull a truly great evening. Any Tull fan will come up with a different set-list, but I feel your selection was cracking: a bit for the non-fans, a bit for the casual and a bit for the committed, all delivered in character and with great humour.

What a night! I couldn't stop grinning!"

"(For) a thousand (mothers) thanks for the gig at the Portland last week. Especially the impromptu Up The Pool and Christmas Song!"

"Anyway, great performance. I was particularly struck by the singer's voice. It was like having the real Ian Anderson singing right in front of me! "

"Well, first off, can I repeat what I said on the night. It was a crackin' gig and thoroughly enjoyable I thought your sound overall was terrific, very evocative of Tull in the earlier days. I was particularly impressed by the guitar sounds, which seemed very accurate and, of course, the vocals...I think Paul must share some genetic material with I.A."

"There are a few Tull tribute bands, but you guys are the best for authenticity hands down. Nobody even comes close to you, looks and sound."

"It was my pleasure to see you at Derby the other week- enjoyed it immensely especially Thick as a Brick. Some complicated stuff in there, nicely executed, sounded great. Other highlights for me were Hunting Girl, For a thousand Mothers, Nothing to Say ....in fact ... all of it !!

Anyway, I wish you every continued success. I am a 40-something university teacher with wife, kids and chest freezer to keep - the other night in Derby you made me feel like an 18 year old again without a care in the world !! That's the power of a good tribute band.

You did that - so thanks once again."
