## ‘Airport Expansion – Do we really need it?’

How do the economics work? Who really pays?

Aviation is one of the world’s fastest growing industries. Globally, over the next 20 years, passenger flights are expected to double and air cargo flights to triple. This expansion will have major environmental and social impacts.

The discussion will be introduced by **Rose Bridger**.  
Rose Bridger, an independent researcher, will look at how the economics of Aviation actually work, who benefits and who pays.

Key aviation campaign/research organisations websites include:-

Airport Watch - <http://www.airportwatch.org.uk/>

Plane Stupid - <http://www.planestupid.com/>

Aviation Environment Federation - <http://aef.org.uk/>

The venue is The Stables, 7 Regent Street, Chapel Allerton, Leeds LS7 (up the driveway opposite the Sukhothai Restaurant)

Doors open at 7 pm, discussion from 7.30 pm to 9.30 pm.
