We look to build relationships and community between spiritual travelers by our presence at festivals, spiritual/green/alternative gatherings and exhibitions, arts events, community activities, pubs, galleries and cafes.

We try to make safe, welcoming, loving, gathering-spaces to allow people to create, discuss, and be inspired. Together we encounter the Divine Creator.

At our gatherings you will find alternative, heaven-sent sanctuaries that immerse you in creativity, spirituality, rest and peace for Body Mind and Spirit
