

LOvE sound 'Bite'

A short review of LOvE (Life on Earth) 22.09.09

With a new venue there are always some teething problems, for this event an area which was part building site and had a real lack of street and path lighting caused some minor concerns, we promise to try harder next time! The building work will be finished for the next LOvE gathering on **Tuesday 13th October** and we are looking at better outdoor lighting to make access easier.

So for the 20+ people who followed the direction signs & glow stix (on fences and in the trees) to discover this new space, a wonderful time was had by all! There was a fresh feel to the event with a wonderful mix of old and new visitors. It's amazing what happens when you get 'like-minded' people together, add some cushions, candles, ambient music, spiritual dialogue, meditative stations and 'the chair of mystical blessing' for healing.

It was nice to have an email the following day from a visitor saying 'Thank you for the "space" last night. I really liked it and had a wonderful (Ruach Card) reading. I went home feeling very peaceful after a few mad days'.

So we hope this gives you flavour and encouragement to join us next time:
