ExCoach Holliday puts his foot in it again.....

Exclusive by Gupta Press

ExCoach Holliday caused ructions at the recent pre-New Year bash at Darth Moore's Palace by insisting that Caribbean Roy can't generate spin in his deliveries. In a conversation with an unnamed source called Tony, ex-coach stated that Roy couldn't spin a bottle, let alone a cricket ball, "Roy couldn't spin a bottle, let alone a cricket ball." When this was dutifully reported to Roy again by the unnamed source (TP), the fiery-haired Corinthian was visibly angered by the accusation and hurled abuse at an imaginary ex-coach, Darth and TP, "Can't spin a bottle! Can't spin a bottle! Can't turn a ball! I'll spin his teeth next time I see him...gggrrrrhhhhh." He then went on to call him a 'Runt'. As he staggered off, Darth Moore duly noted that Roy had drunk two 'Cowboy Jedi' cocktails (whiskey and cream), the evidence of which was still on Roy's cream-moustached mouth. Unfortunately, the ex-coach was unavailable for comment, having left at 10.30 to get home for Jools Holland

Corinthians out drunk by a Spanish bird

A new tradition was introduced to Corinthian etiquette on 29th December, with the introduction of some specially commissioned cocktails, as devised by alcohol expert Darth Moore. Unfortunately, Cartman's thirst for ginger ale supplanted a lack of concern for the double shot vodkas that constituted the business end of the drink. Indeed, there was a succinct level of

brevity to his ramblings after the second mule disappeared, "Darth...hic....these mules are awesome....hic....want more...hic...don't worry....designated driver...over there....," he spluttered, referring to Jeannine, his browbeaten charge. By his fifth mule, Cartman had moved

WHO LET THE JEDI DOWN IN 2007?

It's that time of the year again for The Corinthian to announce the results of the online poll for the Corinthian Jedi cricketer who let his side throughout 2007, with the voting over double of last year. It has proved to be a popular sport to knock your fellow cricketer! After last year's surprise winner of captain Taz (for good team avoidance) it could have been any of the nominated Jedi to take over his crown.

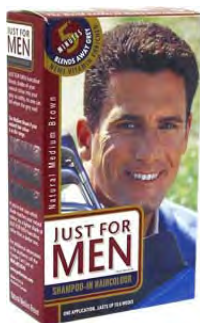

This year's votes hit an impressive 2811 (obviously Jedi cricketers have nothing to do at night) with an unbelievable result of a tie for 1st place! The rules state that we can only have one winner, I mean loser so the 2 players tied will have to have a bowl-off in the nets to prove who is worthy of the title.

	Votes	Name	Reason
1st	782	Growler Brown Darth Moore	Sending more texts than hitting runs in a match For driving a gay pink car
3rd	700	Coach Holliday	Poor Coaching
4th	198	Tony Porsche	Not turning up
5th	192	Q.Master Collins	Putting food before cricket
6th	144	Fingers Watson	Catch dropping
7th	8	Growler Brown	Taking more headlines than wickets
8th	3	Giles Greedo	Not updating the website
9th	2	Uncle Daz	Gay sex scandle

HIPS - I can't believe how much they charge for that survey I know my house is energy efficient, all they said was I needed some energy saving light bulbs fitting it an absolute rip off, it's just not fair
Finger Wagging Rating - 5

MAN UTD - I just can't believe how them cheating dirty scumbags robbed Liverpool the other week, they always do it. Liverpool have all the game & they sneak a lucky goal , it's just not fair

Corinthian Comment

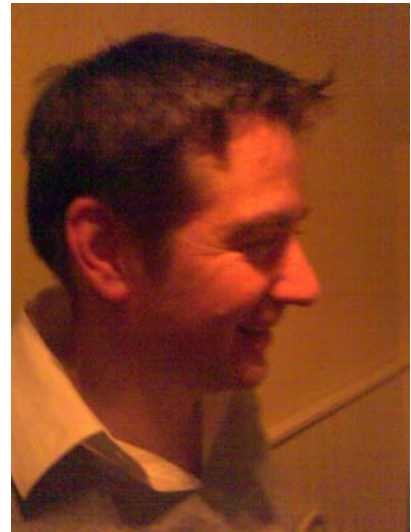

Hello to all our readers, & a happy new year
Things are looking up for the Corinthian Jedi Cricketers this year after the Annus horribilis Of 2007. With the Jedi going to Switzerland for Winter training, Tony Porsche getting a personal Trainer to improve his fitness & the added aggression from Caribbean Roy & Growler Brown
A swift return to Division six could be on the agenda

onto the 'under the counter' Corinthian, previously drunk solely by Captain Taz. Cartman has been awarded 1.5 units, however, due to one of his cocktails being confiscated by Darth, who was concerned for his as yet unblemished Barker & Stonehouse suite, which Cartman had precariously perched himself on, cocktail on belly, before falling unconscious. It should also be noted that the Quartermaster promptly threw up everything he consumed at the party on arrival at Specsaver Mansion, in New Waltham.

TP weighed in with a few fixes, and Growler bit the bullet and threw back a Growler sling, but the real story was Mongo's piece, who drank more cocktails than any other Jedi, save Cartman.

As you can see from the pinkometer, most Jedi must hang their heads in shame at the sight of a bird out drinking them. Taz gets orange for drinking under the counter; Nick red for risking his life.
