**** Neon bright clothes for a party****

Space to write your own extra list

EVERYONE MUST BE IN FULL UNIFORM for travelling to and from the camp.

Please remember to allow for possible wet weather or minor accidents (???) and water based activities (i.e. include some extra clothing (but not too much)).

Due to the nature of things we would ask you **NOT** to allow your son/daughter to bring anything valuable on camp. For instance mobile phones and electronic games should not be brought as we cannot be responsible for them plus there is nowhere to charge them. Payphones are available on the site.

We would suggest a reasonable amount of pocket money. And remember when it's gone there is no more! So don't spend it all on sweets on the first day.

Please remember this list is not exhaustive and we may have missed something obvious.
