Name	Squad No.	Date arrived	Fee	Club From	Signed By	Position	Debut	D.o.B.	Contract	Age	Previous Clubs	Notes
Jonathon Gould	1	02-Aug-97	£20k	Bradford City	Wim Jansen	GK	9/8/97 -v- Berwick Rangers	18-Jul-68	Jul '03	31	Clevedon, Coventry, Halifax Town, West Bromwich Albion, Gillingham	Tetchy 99-00 season under Barnes; asked for a transfer 14/2/00 when dropped after the ICT debacle / Barnes sacking / Kenny Dal taking over in which he played a substantial part in the half-time dressing room bust-up; then withdrew notice 1 week later; was wanted by Jewell at Sheffield Wed. saw periods out with the GK jersey going to Kharine and Kerr however still basically remained first choice.
Tom Boyd	2	06-Feb-92	£250k / swap for Tony Cascarino	Chelsea	Liam Brady	DF	8/2/92 -v- Airdrie	24-Nov-65	Jun '01	33	Motherwell	99/00 season Boyd was the Elder Statesman/Pro of the team and had been Club captain for a while. Had a good season the previous season but somewhat prone to picking up cards as his lack of pace started to tell. Required back surgery this season for a prolapsed disc and this failed to cure the problem, requiring a further op at the latter part of the season.
Stephan Mahe	3	30-Jul-97	£500k	Rennes	Wim Jansen	LB	9/8/97 -v- Berwick Rangers	9-Sep-68	Jun '00 then Jun '02	30	Auxerre, Paris St Germain	Following Mahe's epic disciplinary denouement in the last Old Firm game of the previous season there was a certain degree of expectation that Mahe had to change his ways. Out with an ankle injury after a good start to the season. Generally an indifferent season under Barnes but came good towards the end under Dalglish. Still however a vital part of the team and missed when out. Signed a new 2 year deal in early December. Subsequently went on a free to Hearts after failing to feature in O'Neills plans after return from injury.
Jackie McNamara	4	04-Oct-95	£500k	Dunfermline	Tommy Burns	RB/ RWB / RMF	4/10/95 -v- Falkirk	24-Oct-73	Jul '00 then Jul '04	25	Gairdoch United	His fifth season for the Hoops after being acquired by Burns from Dunfermline. Previous season he had been plagued by injury and this continued at the start of this season with a knee injury. Due to a depleted squad asked to commonly play out of position. He was out of contract at the end of the season and free to talk in January. Recontracted to '04 without other clubs becoming involved in January. Also had a succession of ankle injuries and finished the season with ankle ligament damage.
Marc Rieper	5	12-Sep-97	£1.5mill	West Ham	Wim Jansen	CD	13/9/97 -v- Motherwell	5-Jun-68	Jul '01	31	Aarhus, Brondby	Had been laid low the previous season and between seasons again saw a specialist. After another operation on his toe in the closed season he started the season with good progress and began light training. Was out all the season with the mysterious toe injury which saw him off around Europe to various physios and specialists. From February to the end of the season worked with the training staff and retired at the end of the season, returning to Denmark; a very faithful Club servant who went out of his way to represent the Club at home and abroad. Now Co-Manager of Danish side Aarhus; engineered the long-term loan of Liam Miller and Mick Doyle to Aarhus.
Alan Stubbs	6	10-May-96	£3.5 mill	Bolton Wanderers	Tommy Burns	CD	10/8/96 -v- Aberdeen	6-Oct-71	Jun '01	27	None	Despite noises at the end of the previous season that he was off he came back at the start of the season when the news that Barnes and Dalglish were on. The news that he had failed a drugs test post '99 Cup Final due to the probability of testicular cancer broke at the end of June. He had an exploratory op to remove a testicle. Good to see him back playing but still showed the defensive weaknesses seen previously and was more and more out of touch with the club culminating in tales of wanting away back to Liverpool. Part of this was family derived. In March he was left out of the starting line-up for the CIS Final and this started tales about him being surplus to requirements. Required a cartilage op in early April which kept him sidelined.
Henrik Larsson	7	25-Jul-97	£650k	Feyenoord	Wim Jansen	ST	3/8/97 -v- Hibs	10/9/71	Jun '04	27	Hogabog BK, Helsingborg BK	Won all accolades going the previous season. THE striker until the away UEFA game against Lyon and his leg break. Decided to go for the op. and brace and though not pushing his rehabilitation he made it back for a cursory sub appearance at the end of the season.
Craig Burley	8	24-Jul-97	£2.5 million	Chelsea	Wim Jansen	MF	3/8/97 -v- Hibs	24/9/71	Jun '02	27	None	The previous season had spent a large amount of time out injured which affected the team performance. It was hoped that he would be back to form this season but was never allowed to play in his best position. Started off with rumours that he was unhappy with his contract and wanted more money. Further rumours continued thru August after an off-field bust-up with Dalglish. He was then linked to a move to Atletico Madrid which came to nothing. A certain degree of mystery surrounds Burley's departure. Rumours of him playing away from home abounded at the time and he was likely to have told Barnes what he thought of his masterplan. Re-contracting talks failed in early November and a departure was thought imminent. Mid November Derby tabled a £3mill bid but failed to agree personal terms and Burley felt Celtic owed him money. Left on 1/12/99 for Derby and a 3 1/2 year deal after sorting out the money issue with Celtic.
Harald Brattbakk	9	11-Dec-97	£2.3 million	Rosenborg	Wim Jansen	ST	13/12/97 -v-Hearts	1/12/71	Jun '02	27	Bodo/Glimt	Hapless had been rumoured to be away back to Rosenborg at the end of the previous season but he stayed till a firm offer arrived having fallen seriously out of favour. Linked with a move to Watford as Taylor attempted to lure an excess striker away; a chance to move back to Rosenborg in mid November fell thru when it was realised that he would be ineligible for European games; In December St Etienne made a bid for him and after weighing up both options between France and Denmark he transferred to FC Kobenhavn on 10/1/00 for £650k. Did not feature as a main player and indeed spent most of this season at the club playing golf and practising for his accountancy exams.
Eyal Berkovic	10	08-Jul-99	£5.75 million	West Ham Utd.	John Barnes	CMF / AMF	1/8/99 -v- Aberdeen	2-Apr-72	July '03	27	Maccabi Haifa, Southampton.	The Little Princess was Barnes' Baby and the club spent a lot acquiring him. When he was on his game he was sublime and a great reader of the game and play-maker. However his general laziness at getting back and helping defensively plus his continual bleating did not endear him to his team mates. Reported to have asked for move in December denied by the Club and the Player. With Barnes there he was protected but after ICT he was on borrowed time. Unfortunately not really a player for the Scottish game but saw out in fact quite a reasonable season not helped by showing his disaffection towards the fans during the Motherwell game at the end of the season.
Morten Wieghorst	11	08-Dec-95	£600k	Dundee	Tommy Burns	MF	9/12/95 -v- Hibernian	25-Feb-71	Jun '02	28	Lygby	After the injury-plagued previous season which had seen him overcome a knee rebuild to come back towards the end of the season Morten could have hoped for more. He was used sparingly but still managed to give his all when called on. The knee injury came back to plague him however and he required a cartilage op and time out at the end of the season. This forced him to withdraw from Denmarks Euro '00 squad.
Tommy Johnson	12	27-Mar-97	£2.4 million	Aston Villa	Tommy Burns	ST	5/4/97 -v- Raith Rovers	15-Jan-71	Jun '01	28	Notts County, Derby County	Previous season had been spent getting over a knee rebuild coming back at the end of the season. Was actually informed that his services were not required at the end of July and transfer listed. By August bids of £600k were received from Wolves and Watford but Celtic held out for £1mill. Agreed to a 2 month loan period to Everton in September. Everton bid £700k for him in November. Came back in early December when Everton wanted him to stay for another month with no guarantee at the end of it and immediately linked to a move to Tynecastle but wanted a move back down south. Went on the mid-winter break and Barnes suggested he might like to stay. Again used sparingly and TJ must have wondered that his time was up what with Henrik being out for most of the season. When he did play he as usual gave everything but he proved to be not the best partner for Viduka though some of his performances were quite memorable.

Fernando de Ornelas  	13	01-Mar-00	Free	Crystal Palace	John Barnes	MF	Friendly 1/2/00 -v- Bayern Munich Competitive 15/4/00 -v- Dundee	29/7/76	Jun '00	23	Crystal Palace	Venezuelan acquired by the Bar/Dal team on a free from Crystal Palace (his agent was Ian Wright) and initially thought to be merely a trialist. However after the friendly against Bayern he stayed on making a few sub appearances later in the season after sorting out his registration and dodging work permit obligations by claiming Portuguese nationality. Subsequently departed at the end of the season and after trialling for QPR and getting another short term contract there he went to Maritimo in the Canaries.
Paul Lambert	14	07-Nov-97	£1.7 million	Borussia Dortmund	Wim Jansen	MF / DMF	8/11/97 -v- Rangers	7/8/69	Jun '01 then Jun '03	30	Linwood Rangers Boys Club, St. Mirren, Motherwell	A pretty good previous season but to a certain extent filled with acrimony hanging over from Jock Brown. Gave his all on the field. Where Lambert fitted into Barnes master-tactics was clearly uncertain. In August he was subject of a bid from Inter-Milan which he knocked back. Not suited to the tippy-tappy football he looked quite out of sorts and spent much of the time playing a defensive role. Took a severe facial injury from Albertz knee for which he was seen as the injuring party. During the winter break he suffered a series of ankle problems which were diagnosed eventually as a stress fracture which kept him out for some time. Came back and received an unwarranted red against Hearts.
Bobby Petta 	15	10-Jul-99	Bosman	Ipswich Town	John Barnes	LMF / LW	7/8/99 -v- St. Johnstone	6/8/74	Jun '05	25	RKC Waalwijk, Feyenoord	First season for Regi-Lite and a very poor season for the Bar/Dal master stroke though it was believed that a family death severely undermined any confidence he had. Allegedly touted around the Premiership at 250k without success in November. Really became a fans whipping boy and there were no signs that he would come good. Managed to get himself hooked up with a Glasgae tart who appeared to embarrass him and everyone else.
Oliver Tebilly 	16	08-Jun-99	£1.25 million	Sheffield Utd.	John Barnes	DF / CD	1/8/99 -v- Aberdeen	19/12/75	Jun '04	23	Poitiers, Niort, Chateauroux	Barnes third signing. From the Ivory Coast but a French national playing at U18 and U21 level. Signed as cover for Stubbs whilst he was recovering from testicular cancer and needed when Reiper failed to regain fitness. He soon went on to show the "bombscare" characteristics. Showed good strength getting forward but was a defensive nightmare waiting to happen. Each game he played in produced generally two of Olly's bombscares. Spent a lot of time on international duty during which he was imprisoned in the Ivory Coast camp.
Ian Wright  	17	27-Oct-99	Free	West Ham	John Barnes	ST	30/10/99 -v- Kilmarnock	03-Nov-63	Jun '00	35	Nottingham Forest (loan), Arsenal, Crystal Palace, Greenwich Borough	Arrived with the aid of a fat 20 grand a week salary to come and play for us with the breaking of Henrik Larsson's leg against Olympique Lyonnais. Had been on loan at Nottingham Forest from West Ham. Scored in his debut. A lot of the magic gone but still the belligerence and falling foul of match officials. More often than not played as a sub. Awarded an MBE in the New Years honours list. Left before the end of the season on 14/2/00 for Burnley after a ruck at Kilmarnock which saw him yellow carded and then red carded for a pushing match post-game with Willie Young. He was offered the same contract and more starting roles and retired at the end of the season.
Enrico Annoni 	17	20-Feb-97	£300k	AS Roma	Tommy Burns	RB / DF	1/3/97 -v- Hearts	10-Jul-66	Jun '00	33	Torino, Como, Sambenedettese, Seregno	Missed the pre-season tour of Norway due to his father's sickness and chose to remain with him in Rome. Returned post Norway and told there was no future for him at Celtic. Chose to retire to Italy when Barnes arrived so was only nominally on the squad for the start of the season and played no games for the team. Left the Club by mutual consent on 23/7/99 and agreed a compensation package. Back in Italy he appears to have set himself up as a pedigree dog breeder and his name crops up every now and then through dog shows in Italy and Switzerland.
Tosh McKinlay 	18	02-Nov-94	£350k	Hearts	Tommy Burns	LB / DF	5/11/94 -v- Dundee Utd.	3-Dec-64	Jun '99 then July '00	34	Dundee	Previous season had seen Tosh told that he had no future at the Club and then apparently relenting as injuries meant hasty call ups. He seemed happy to do this. And on Barnes' arrival found himself unfancied however with the defense looking weak given Reiper and Stubbs were out he was given a 1 year deal. Played 1 game in the match against Cwmbran at home. Released from his contract and freed in October. Joined Grasshoppers of Zurich on a short term loan from 18/10 to the winter break. Almost went to Sheffield Utd on return and was then linked to Aberdeen. then he found a home at Rugby Park with Kilmarnock on 10/1/00.
Stilian Petrov 	19	19-Jun-99	£2.8 million	CSKA Sofia	John Barnes	MF	15/8/99 -v- Dundee Utd.	5-Jul-79	Jun '04	20	None	Came at the start of the closed season with Milen Petkov on 15/6/99 but stayed as the outstanding prospect. Signed and then delayed when work permit problems appeared. Finally awarded a work permit on 29/7/99. Perhaps the one Bar/Dal purchase that has stood the test of time but did not look great on arrival and it wasn't until the latter part of the season that he found his feet. Very much misunderstood as a player by Barnes and played constantly in poor positions. A massive heart and willingness but used incompetently by poor management - the final indictment of the Barnes / Dalglish era is how good Petrov became after both had left.
Regi Blinker 	20	06-Aug-97	Swap deal for Paulo di Canio + £1.5 million	Sheffield Wednesday	Wim Jansen	LMF / LW	9/8/97 -v- Berwick Rangers	4/6/69	Jun '00	30	Den Bosch, Feyenoord.	Had an injury ridden previous season but came back to some good games. Basically an underperformer. Regi the Clubber and shite midfielder who still managed to pull it out of the bag for this season as well before calling time out, seeing the writing on the wall and returning to Holland. All in all not too bad a season for the professional smoker, though didn't have much competition with Bobby Petta pushing him for his place. Most certainly not a first choice.
Stewart Kerr	21	27-May-93	Free	Celtic Boys Club	Graduated to First Team	GK	12/10/96 -v- Motherwell	13-Nov-74	Jun '03	24	Mill Utd Boys Club; Hibs S-Forme	Having spent the previous season in and out of the team and suffering injuries it was hoped that he had a future particularly given the fact that his contract had been extended the previous season. Had been first team GK selection for most of Tommy Burns last season and lost his place with the arrival of Gould under Jansen; moved further down the pecking order, arguably, with the arrival of Kharine. Started looking to be released / sold on at the beginning of the season. Chelsea being the likely destination. When Vialli signed Cucicini this looked to be an unlikely move. Then asked to be taken off the transfer list. Still managed to split the second keeper duties with him due to the incipient crockdom of Kharine. Was wanted on loan by Blackburn Rovers in January but not released. Became the second longest serving player after Tom Boyd content to sit on the bench. Subsequently persuaded to move on to Wigan on 23/8/01 where he promptly injured his back; great potential let waste by staying in one place too long.
Stephan Bonnes 	22	28-Jul-99	Bosman	FC Mulhouse	John Barnes	AMF / ST	13/7/99 -v- Ham Kam, Friendly	26-Feb-78	Jun '03	21	None	Bar / Dal super-signing again who made the start in the pre-season Friendlies and then did nothing apart from playing for the U21's. Came first as a trialist and was a free after FC Mulhouse went bust. Went from lots of games for no money with Mulhouse to lots of money for not playing with Celtic. Totally bereft of any talent and yet again another indictment of how bad Barnes and Dalglish were as a management team.
Dmitri Kharine 	23	22-Jun-99	Free	Chelsea	John Barnes	GK	26/8/99 -v- Cwmbran Town	16-Aug-68	Jun '02	31	Torpedo Moscow, Dinamo Moscow and CSKA Moscow	Classic Bar / Dal signing seen as a steal of a "buy" from Chelsea on a free and arrived with a calf injury. Complained about all the fitness training he had to do on the pre-season tour which he said aggravated the calf injury. When he WAS fit actually didn't look too bad and did a good job in goal but never got a prolonged run in the team either due to his own lack of fitness or returning form of Gould or Kerr. Had a chance to go to Bradford on loan in February but chose to fight for a starting place. Won a starting slot as first choice from February but then tore cruciate ligaments in March against Hibernian which saw Gould back between the sticks.

Colin Healy	24	05-Jul-98	?	Wilton Juniors	Eric Black	MF	2/5/1999 -v- Rangers	14-Mar-80	Jun '00 then Jun '03	19	Ballincollig	Had arrived the previous season and made his debut under Dr Jo in the shock-fest Old Firm game at the end of the season and was expected to show well in 99/00. And his stats really tell the story. He went on the winter break to Portugal with the first team squad and played in both Friendlies there. He did not impress Barnes enough making only a few appearances and this did not really change under Dalglish though he did get more games towards the end of the season and began to look far more confident..
Lubomir Moravcik	25	27-Oct-98	£300k	MV Duisburg	Dr Jo Venglos	LMF / MF / AMF	7/11/98 -v- Dundee	22-Jun-65	Jun '00 then Jun '01	34	Plastika Nitra, St Etienne, Bastia	Dr Jo's sensational find the previous season always tried to amaze and usually succeeded. At 34 perhaps unable to put it out for quite as long as before but managed as many games as the most regular choices. The question had been how to play both Lubo and the Princess in midfield. In truth they offered differing options with the skill and mastery of Lubo matched by the deftness of Eyal. By November it was rumoured he was braced off with the situation and looking for a way out, a return as coach to Bastia being an option. Clearly missed Larsson up front as the target man. After Henke broke his leg he was moved forward as a partner for Viduka. Signed an extended deal in February. Despaired at the Bar/Dal scene and chose to take a backstep role commonly being subbed before the 90 minutes.
Paul Shields	26	23-Mar-00	£100k	Raith Rovers	Kenny Dalglish	ST	6/5/00 -v- Aberdeen	15-Aug-81	Jun '03	18	None	A Bar / Dal acquisition in a Bonnes kind of way. 18 y.o signed from Raith Rovers; from Dunfermline; Was said by Dalglish to be one for the future - seemingly a future that has never arrived. Subsequently found out completely by O'Neill and loaned out to Clydebank.
Mark Burchill	27	03-Jul-97	Free	Celtic Boys Club	Tommy Burns	ST	19/8/98 -v- Airdrie	18-Aug-80	Jun '99 then Jun '03	19	None	Had a reasonable run the previous season but was nurtured by Dr Jo, the biggest mystery being his non-appearance at the Cup Final at the end of the season; still needed to sign a new contract at the beginning of the season but became fairly regular first team member and a fans favourite, lightning fast but a poor first touch; got a good number of outings in the Barnes scheme of things but never really commanded an automatic place; was linked to Watford in September; as the season went on the flaws in his game became more apparent; subsequently was not fancied by MON hence went on loan to Ipswich Town after a loan spell at Birmingham during '00-'01 season. 17 starts, 33 sub appearances giving 20 League goals. 24/8/01 moved with the arrival of Hartson and unlikelihood of holding a first team place.
Ryan McCann	28	10-Jul-98	Free	Celtic Boys Club	Graduated to First Team	CMF	21/5/00 -v- Dundee Utd.	21-Sep-81	Jul '00 then Jun '04	17	None	The previous season had seen Ryan promoted from the youth side to the U21 setup and he continued that rise this season with progression to the senior squad making his debut appearance this season.
Vidar Riseth	30	21-Sep-98	£1.5mill	LASK Linz	Dr Jo Venglos	DF / RB / RMF	26/9/98 -v- Hearts	21-Apr-72		27	Rosenborg, Kongsvinger, Luton Town.	Signed the previous season to give some options at the back and right wing after a leaky and shaky start to the season; gave everything for the shirt if not perhaps the most skill endowed member of the squad but asked to play in a number of positions most of which were not his best option. Subsequently sold to TSV 1860 Munich when surplus under Barnes and the situation continuing under O'Neill for £1 mill. Moved back to Rosenborg and continues there.
Raphael Scheidt	31	23-Dec-99	£4.8 million	Gremio	John Barnes	CD	1/3/00 -v- Dundee	10-Feb-76	Jun '04	23	None	Do the incriminations of the incompetency of Barnes and Dalglish end? Not with this one. Signed sight-unseen from a video as the first part of a spending spree of plc released cash from the Mac/Bar/Dal regime. No one could be bothered to go and look at him actually perform and as such the Club were sold a pig-in-a-poke more than likely linked with the Brazilian "boosting" of players then prevalent. His transfer had to go before a tribunal and with the OK he was signed. Joined the team on mid-winter break in Portugal and was immediately side-lined on return to Glasgow with appendicitis. Eventually appeared and looked poor. In all he managed 1 appearance and 1 sub. Unbelievable.
Simon Lynch	32	20-Jul-99	Free	Celtic Boys Club	Graduated to First Team	ST / LW / LMF	29/4/00 -v- Motherwell	19-May-82	Jun '01 then Jun '04	17	None	Previous season he had been taken on by the club at Youth level; First pro-contract for the young striker who went on to make his debut in the Dalglish 'try the youngsters' period.
John Convery	33	28-Mar-97	Free	Glenavon	Graduated to First Team	DF	21/5/00 -v- Dundee Utd.?	1-Apr-80	Jul '99 then Jun '02	19	None	The previous season had been broken with a knee injury which he came back from to move up from the Youth set-up to the U21's. This season he played mostly with the U21's getting a debut game with Dalglish's young boys try-out at the end of the season. A strong defender with the ability to get forward too.
Mark Fotheringham	34	01-Aug-99	Free	Celtic Boys Club	Graduated to First Team	RMF / MF	13/5/00 -v- St Johnstone	22-Oct-83	July '03	15	None	New signing this season from the Dundee area. Started with the youths and progressed to the U21 squad before getting some first team appearances at the end of the season. Very confident and strong.
Johann Mjallby	35	20-Nov-98	£1.5 million	AIK Stockholm	Dr. Jo Venglos	DF / DMF	21/11/98 -v- Rangers	9-Feb-71	Jun '04	28	None	Another Dr Jo signing going into a second season under a new manager. Strange as it may seem he didn't really start as a first choice by Barnes. Not a regular pick there was talk of him wanting away by November in order to hold onto his Sweden place. This was denied by the player but it still lingered. However his increasing resilience and surety in each game he came on brought him back into contention and he finished as a first on the team sheet player by the end of the season.
Mark Viduka	36	02-Dec-98	£3 mill	Croatia Zagreb	Dr Jo Venglos	ST	27/2/99 -v- Dundee Utd.	9-Oct-75	July '03	23	Melbourne Knights	Signed the previous season after a right old runaround and then mad nutter status disappearance act. Came back needing to get fit and when he did added to the side enormously. Inter-season talk was that he might be used to make up the deal to bring Berkovic to Celtic with Viduka going to West Ham. This fell apart. This season he was expected to knuckle down and prove his worth. It soon became evident though that he was probably working his ticket though with Henrik's leg break he pitched in as the lead striker. Rumoured to want away in December along with a string of players post-Burley's departure. Linked with Spurs (strongly), Lens, Inter Milan and Roma. Always benefitted from being the 'belle of the ball' and not particularly a team player. Rumours started flying after ICT that there was an agent touting him around Europe and that this was with the knowledge of the Club, that a deal had been done for him to leave at the end of the season. Indeed left at the end of the season in the closed season. Won Scottish PFA PotY award at the end of the season. At the end of the season there was a str
Jamie Smith	39	01-Aug-98	Free	Celtic Boys Club	Graduated to First Team	RW	26/8/99 -v- Cwmbran Town	20-Nov-80	Jul '99 then Jul '04	18	Duntocher Boys Club	Seen as the young tyro on the edge of the squad and much was expected from him. Made his first team debut in the tie against Cwmbran Town after impressing Barnes in a U21 game. Loaned to Livingston for a month.
Stephen Craaney	40	03-Jul-97	Free	Celtic Boys Club	Graduated to First Team	LMF / LB	11/3/00 -v- St Johnstone	22-Jun-81	Jul '99 then July '06	18	None	With the Club since the age of 13; Previous season saw him side-lined by glandular fever as he didn't appear post October; this season he won a knee contract and won his first team debut having stepped up from Youth to U21 sides and becoming established as the left-side defender towards the end of the season and beginning to look very good. Won U21 Scotland debut in April.
John Kennedy	41	20-Aug-99	Free	Celtic Boys Club	Graduated to First Team	DF	5/4/00 -v- Motherwell	18-Aug-83	Jul '99 then July '04	16	None	Awarded his first full pro-contract this season. Previously he'd been playing at U15 level but was expected to fully make the grade and hence offered quite a long deal for a first contract. He made his debut on the back of Dalglish's try out the young boys tenure and got a regular place towards the end of the season. At his debut he was the youngest ever player for the Hoops at 16 and 231 days..

The Board and the Coaching Staff

The season started with the appointment of Kenny Dalglish as Director of Football Operations who then went out and appointed John Barnes for his first managerial position. What looked like a dream team soon started to look shaky as the team were confused by Barnes ideas and he appeared tactically naive. The wheels came off the wagon with Larsson's leg break in Lyon and finally with the debacle of Inverness Caley Thistle. This cost Barnes his job. Dalglish took over till the end of the season and then left / was sacked getting a sack load of money on leaving.

Allan MacDonald		Appointed in mid-March the previous season as Chief Executive / Managing Director designate by an appointment committee and took over after McCann left at the beginning of April. An initial 2 year contract to be followed by a rolling 1 year contract. Unleashed the coffers and appointed his golfing buddy Dalglish as Technical Director and that's when the problems started. Previous BAe Managing Director for Asia and Africa.	John Barnes	 	Appointed Head (first team) Coach 10/6/99 for his first position in football management by his mate Dalglish. Responsible for all things connected to the first team. 3 year contract. The other candidates were Lothar Matthaes, Berti Vogts and Jean Tigana. Clearly out of his depth and talked very fast whilst saying very little. Finally shown up for the charlatan he was by the loss to Inverness Caley Thistle in the Cup and that was enough. He was duly sacked on the 10/2/00.
Kenny Dalglish		Appointed Technical Director / Head of Football Operations - noone was quite sure what the title was - on 10/6/99 and then appointed John Barnes as first team manager. Given an 'ongoing contract' - thought to be at least 7 years. The only real competitor for the job was Ruud Krol. Welcomed initially by the fans but as usual a media nightmare. Also often appeared to be away playing golf when he was needed. He oversaw the acquisition of expensive turkeys and then had to take over the first team when Barnes was sacked.	Dr Josef Venglos		Stepped down at the end of the last season after helping to appoint Dalglish to the Technical Director's job. Took a back seat as European scout and adviser but looked to have departed as quick as possible.
Frank O Callaghan	 	Presented by Fergus as the Chairman designate in February 1999 after passing a selection committee; non-executive member of plc.	Eric Black		His position was in doubt at the start of the season but Dalglish wanted him to stay on as Barnes Assistant Coach which he duly did accepting a 3-yr contract. Must have considered the previous season when he had been understudy to Venglos and coach-in-the-making a wasted season. Offered another post after ICT debacle and the half time bust up but chose to fall on his sword and quit.

Terry McDermott	 	Brought in by Dalglish to be an assistant for Barnes on the training field allegedly - but mainly he appeared to be the "social secretary". Also had scouting in his remit. A pointless appointment and a waste of money and duly sacked with Barnes and Black following ICT.

Replaced Henry Smith.

Said to be a rugby fan more than a football one and to see his money as investment.	Henry Smith	 	Appointed part-time GK coach to work 2 days per week before Terry Gennoe was appointed full time
