

Recording Bedfordshire Longhorns

Please aid our understanding of Bedfordshire Longhorn Beetles by reporting the species, location and quantity of those you see and the date they were seen. Every record adds a piece to the picture.

If you are able to record electronically please do so as this aids the processing of records. A form for submitting records online can be found on the www.bnhs.org.uk website. If you prefer to record on paper then here is a suitable form. Which should be sent to Keith Balmer, 6 Salcombe Close, Bedford, MK40 3BA. Please submit all records **before the end of October** as all records will need to be sent off to be independently verified.

Observer name(s)	Contact details in case of a query:
------------------	-------------------------------------

Date							
Location	Grid Reference
