### [Ford Mondeo MK3 Auto Dipping Rearview Mirror](#)

Part Number: 4170060

I have for sale a brand new Ford Mondeo Auto Dipping Rear view Mirror. You can also fit these to MK1 and MK2 vehicles but you need to glue a small metal shim onto the screen for the mirror to slide onto. If you are purchasing this mirror with this intent I will include the metal shim free of charge.

These mirrors are very expensive from Ford £142.92 to be precise. But it has to go so there is no reserve and auction starts at just a pound.

The mirror works by detecting via a sensor the light level of cars headlights behind you and photochromically adjusts the mirror's brightness level to shield your vision. The mirror also has a forward facing sensor that detects light so that the mirror does not dim during daylight. The mirror furthermore will deactivate when you reverse. The mirror features Auto and Off modes via two buttons at the bottom and shows a green led light when in operation.
