

## TONKINESE BREED CLUB Recommendations For Breeders

In addition to the GCCF Code of Ethics the TBC strongly recommends that the following points are noted by owners of queens and studs.

- 1 If breeding from a Tonkinese on the REFerence register, ensure that it complies with the current Tonkinese Registration Policy - some cats are on the REFerence register because they have ancestors that are not permitted in the Tonkinese breed programme (eg. Orientals or cats of unregistered or unknown parentage).
- 2 A stud owner is not obliged to accept a queen to stud
- 3 Studs must be on the active register with the GCCF and must have their Certificate of Entirety (COE) lodged with the GCCF prior to the registration of their first litter. Stud owners should be able to show a copy of the COE to the queen's owner.
- 4 Studs, and visiting queens, should be vaccinated against Feline Enteritis and Cat 'Flu (but not within 14 days before the mating). Homeopathic vaccinations are not acceptable. Vaccination certificates should be available for inspection.
- 5 Studs must be regularly tested for FeLV and FIV, even if they are inoculated against FeLV. It is recommended that they are tested at least once per year and the documentation should be shown to the owners of visiting queens.
- 6 The stud owner **must** supply the following for the queen's owner : a). A mating certificate that complies with GCCF Section 1 Rule 3d.. b) A full pedigree of the stud showing at least three generations with full registration numbers. c) A receipt for the stud fee.
- 7 The stud owner must make clear any conditions relating to the kittens, or repeat matings, before the queen is left with the stud.
- 8 The stud premises should be available for inspection, by appointment, by the queen's owner prior to the queen being brought to stud.
- 9 Queens must be on the active register with the GCCF.
- 10 It is recommended that queens are tested for FeLV and FIV within 24 hours before visiting the stud, unless from a fully tested household, and the documentation should be shown to the stud's owner.
- 11 Unaccompanied queens should not be accepted to stud (ie. sent by train, bus etc.)
- 12 The queen's owner has a responsibility to make arrangements, including the inspection of stud premises, well in advance of taking the queen to stud.
- 13 The queen's owner should be aware that the stud fee is for the services of the stud and is not based upon results - it should be offered at the time the queen is left with the stud.
- 14 The breeder **must supply** each kitten owner with a copy of the GCCF code of ethics; a valid vaccination certificate showing that the full course has been completed for Enteritis and cat 'flu; a properly completed pedigree certificate that includes at least three generations with full registration numbers and the pink registration certificate duly signed by the breeder for transfer of ownership
