13th January 2005

Dear Parents/Carers

Following the announcement from Warrington LEA regarding the allocation of £3.9 million funding to provide a replacement of the buildings at Stockton Heath Primary School. I am writing to inform you of a parent/carer meeting to be held on Thursday 3rd February 2005 at Bridgewater High School, (Lower Site), Hall Drive, Appleton at 6.00 pm.

I am very conscious of the need to share information and set up clear lines of communication. We are in the process of setting up a school web site with a dedicated buildings domain, which will be updated regularly, and information shared as we receive it.

Under such circumstances it is inevitable that there will be rumours. However please be assured all information has been shared and will continue to be so.

As part of the design process, there will be full consultation, involving the whole school community; staff, children, parents, governors and additional building users.

To enable us to cater appropriately for numbers attending the meeting, could you please indicate below and return the tear off slip to your child's class teacher.

Yours sincerely

Lynda Carnes
HEADTEACHER
