Thursday 10th March 2005

Dear Parents/Carers

Stockton Heath Primary School - Open Evening
 Venue - Stockton Heath Primary School Lower Hall
 Thursday 17th March 2005 (5-7pm) & Friday 18th March 2005 (9-11.30am)

Following on from last week's Newsletter, which informed you of the Open Evening, below are details of the event.

Aims of the Open Evening...

1. To provide a rationale for the need to improve accommodation at Stockton Heath Primary School
2. To share the school's vision and through consultation with parents, carers and children, produce a collective vision that will inform the design brief

The focus of the event is for children, staff and governors to share, through display and informal discussion, our vision for current and future generations of children in Stockton Heath.

You will have the opportunity to contribute your ideas to our vision and once these are collated with those of the staff, children and governors, the collective vision is to form part of the design brief for the architects and will be posted on our web site.

For your information on the reverse is a plan of the layout of the hall for the event.

Yours sincerely

Lynda Carnes
