Following a disappointing level of bookings for the 2009/2010 Program, and in response to new regulations preventing us arranging “bespoke” coach travel packages, we are now offering a very limited, but carefully selected, programme for the 2010/11 season. These are all publicly advertised packages, into which a relatively small group made up of Guildford U3A Members can easily be accommodated. They have all been chosen from experienced Tour Operators offering full touring programmes with a bias towards historical and educational locations. Wherever possible we will offer comfortable and stylish travel using High Speed Rail Services.
